# Connaught Barracks

Has been allocated for housing in Dover District Council's Adopted Core Strategy (2010). This is the plan that sets out what development is required in Dover District up until 2026. Across the whole District, there is the need for 14,000 new homes, of which 10,100 are to be built over the plan period (2006-2026), with 70% to be located in Dover.

The purpose of the forthcoming planning application is to set out how the Council's adopted Policy can be best implemented in order to allow the Officers' Mess site to be developed in the near future.
